

Application for the GeoINquiries: Teaching & Learning from a Spatial Perspective Professional Development

Name of Applicant:

Organization/Affiliation:

Preferred Postal Address:

Preferred telephone number:

E-mail:

Profession:

If an Educator:

Grade level(s) you teach:

Subject area(s) you teach:

VISION: Share a vision for yourself and/or your (organizational) education outreach endeavors that you hope to improve your understanding of and your capacity to teach Geography and the Geospatial Technologies: whether in a classroom, at a library, at a nature center, at a fairgrounds or other locations encouraging better understanding of Indiana students sense of PLACE and their connections to places around the world and beyond to space.

Think of these questions when answering:

- WHY do you wish to participate?
- HOW will this opportunity improve your understanding of Geography and Geospatial Technologies?
- HOW will this opportunity improve your capacity to teach Geography and Geospatial Technologies?
- WHERE or WHO do you hope to reach [if not an educator] (or possibly beyond a traditional classroom if an educator)?

Contact GENI with questions. It may take a while to return communication as we are not in the Office daily. **THANK YOU** for your interest in promoting a Geographically Literate Indiana... WHERE the SPATIAL jobs are! We look forward to collaborating to create interesting, unique and IN relevant GeoINquiries.

Please email completed application to geni@iu.edu
